(Recognized Under Section 2(F) & 12(B)
of UGC Act.1956)

DEAR SIR/ MADAM,

We take immense pleasure in inviting you to join us in the "One day National Level Seminar" on "GREEN BIOTECHNOLOGY" organized by the "BIONUTECH" on 14.02.2019 at Sri Adi Chunchanagiri Women's College, Cumbum.

ABOUT THE INSTITUTION:

Established on July 10, 1996, Sri Adi Chunchanagiri Women's College is being run by the prestigious Sri Adi Chunchanagiri Shikshana Trust, Karnataka to educate and empower women folks of this cumbum valley. The institution has blossomed into an academy of learning, having under its folds 10 UG SPG 4 M.Phil courses, Diploma and certificate courses in different disciplines with a student enrollment of 1500. The college is affiliated to Mother Teresa Women's university, Kodaikanal. Our motto is to impart quality education to the women with sound values thereby producing responsible citizens.

ABOUT THE DEPARTMENT:

Our department is engaged in offering, need based, value conscious and career oriented education to students. The department has well-qualified faculty members and the state of art infrastructure, well-equipped laboratories with latest equipments are the backbone of our department. Our department conducts various programs like guest lectures, quiz, seminars, paper and poster presentations. Arranges industrial visits and exhibitions periodically to expose students to latest development in the field of life science. Our department has greatest records in grabbing many university ranks every year.

SCOPE OF NATIONAL LEVEL SEMINAR:

Green Biotechnology is the use of genetically altered plants or animals to produce more environmentally-friendly farming solutions as an alternative to traditional agriculture, horticulture, and animal breeding processes.. An example is the designing of transgenic plants that are modified for improved flavor, for increased resistance to pests and diseases or for enhanced growth in adverse weather conditions. In this context, the National Level Seminar On "Green Biotechnology" will play a Vital role in enabling biologists, to share their ideas. Come let us all join together to save our Environment.
